The information contained in this specification sheet, is based on the data and images available at the time of publication. Some photography may feature left hand drive models. All images shown are for illustration purposes only. Photographic processes used may alter the depth and tone of the colours shown. As part of a policy on continuous specification improvement, Peugeot reserves the right to modify colours, trims, engine range, options and standard equipment at any time. This specification sheet is not a contractual document or offer of sale.

The specified fuel consumption and emission values are the official figures obtained from tests under standardised EU test conditions in accordance with the Worldwide Harmonized Light Vehicles Test Procedure (WLTP), a more realistic test method for measuring fuel consumption (l/100km) and CO₂ emissions and are correct at the time of print. WLTP replaces the previous NEDC test method. The included values reflect the standard vehicle excluding additional equipment such as optional extras and accessories which may have an effect on the fuel consumption (l/100km) and CO₂ emissions produced. You can discover more about the WLTP at peugeot.ie/brand-and-technology/wltp
